FLEXIBLE SIGMOIDOSCOPY WITH SEDATION

NAME:

)
rior
r
\neg
)

Patients failing to cancel their flexible sigmoidoscopy appointment at least 7 days in advance will be billed an administrative fee of \$100 by Gastroenterology Associates of Northern N.Y., PC. This fee must be paid in full prior to scheduling future appointments. If you must cancel or reschedule the examination, please call 793-5034 at the earliest possible time. There are often significant delays in rescheduling and if there are any questions regarding the need to cancel due to sickness or other health issues, it is essential that you contact our office or our physician on call (after hours or on weekends).

You will be contacted by a staff member of Northern G.I. Endoscopy Center prior to your procedure to confirm your appointment and answer any questions that you may have. On the day of the exam, please report to Northern G.I. Endoscopy Center, located directly behind our office at 5 Irongate Center in Glens Falls. There are designated parking spaces for Northern G.I. patients along the side of the building, near the Pine Street entrance. Please use entrance C to enter the building. You will need to bring your insurance card and photo ID. Whenever possible, please leave all other valuables including personal belongings at home. As well, please remove jewelry, including piercings, and leave at home.

FLEXIBLE SIGMOIDOSCOPY is an examination of the rectum and lower part of the large intestine (sigmoid colon) by means of a flexible tube with a bright light. This flexible tube is called a sigmoidoscope and it relays images from inside your colon to a video screen viewed by the physician. After you have completed your preparation at home, you will come to Northern GI Endoscopy, where the test will be explained, and you will be given an opportunity to ask questions prior to signing an informed consent form. After you change into your gown and robe, the nurse will insert a small intravenous catheter into a vein in your arm and tape it in place to administer medication before and during the test, as needed. You will be lying on the cushioned table on your left side.

When you are comfortable, the doctor will examine your rectum, and then insert the lubricated tip of the tube. During this test, some people experience gas-like sensations or cramps. This relates to the insufflation of air necessary for a proper examination. You might also experience the feeling that you need to move your bowels. This is caused by the presence of the tube and the air. If needed, more medication will be given to keep you comfortable. The examination usually takes approximately 5 to 10 minutes.

The instrument is able to suction any leftover laxative solution and the air put into you, as needed for your comfort. It is possible to take biopsies and remove polyps through a channel in the tube and this procedure is painless.

Page -2- Flexible Sigmoidoscopy

When the procedure has been completed, you will be taken to a recovery room where you will rest for a period of time. Then, the intravenous catheter will be removed from your arm and you may use the bathroom and get dressed. The doctor will then explain the results to you and your family. **Patients can expect to be at NGI for 2 to 3 hours from the time of admission for the procedure to the time of discharge.**

PLEASE NOTE:

- 1. Please follow the instructions "Fleet Enema Preparation" on the next page. This includes instructions regarding oral intake on the day of the procedure.
- 2. Our office will provide you with specific instructions if you are taking any of the following medications:
 - Insulin
 - Anticoagulant medications (blood thinners) such as warfarin (Coumadin, Jantoven), Pradaxa (dabigatran), Xarelto (rivaroxaban), Eliquis (apixaban), Savaysa (edoxaban)
 - Antiplatelet medications such as Plavix (clopidogrel), Brilinta (ticagrelor), Effient (prasugrel)
- 3. If you are a diabetic and taking oral diabetic agents, please do not take these medications the day of your procedure.
- 4. If you are taking steroid medications (e.g. prednisone, Decadron, Medrol), please discuss this with our office prior to your procedure.
- 5. All other medications may be continued, including aspirin and nonsteroidal anti- inflammatory drugs (NSAIDs e.g. Celebrex, Bextra, Voltaren, Naprosyn, Motrin, Advil, Aleve). If you have any questions regarding your medications, please contact our office.
- 6. Since you may be given intravenous sedation for this examination, you must have a responsible adult drive you home and accompany you into your residence. As well, you must have a responsible adult stay with you for the next 24 hours. You should plan on limiting your activity and resting at home for the remainder of the day. You must not drive a motor vehicle or operate machinery for the next 24 hours. If there is a problem with these arrangements, please inform our office to allow for rescheduling of your procedure. Sedation for your procedure cannot be administered unless these arrangements are completed.
- 7. If your insurance plan requires a referral from your primary care physician, please confirm that our office has received a referral to cover this procedure. If your insurance plan requires pre-authorization for this procedure, please confirm that our office has obtained the pre-authorization.
- 8. The forwarded gold colored Northern GI Endoscopy Center Pre-Admission History form <u>must</u> be completed prior to presenting for your procedure. Failure to complete this important form may lead to significant delays and/or cancellation of your procedure(s).
- 9. Due to the increasing number of patients with high deductible plans, all deductibles, copays and coinsurance are due five days prior to your appointment. Our billing office should be contacted at (518) 793-5034 if you have any questions about your financial responsibility. Payment should be mailed or brought to our office at Five Irongate Center, Glens Falls, New York. If our office does not receive payment within the above timeframe, your procedure will need to be rescheduled.

FLEET ENEMA PREPARATION FOR FLEXIBLE SIGMOIDOSCOPY WITH SEDATION

You are scheduled for flexible sigmoidoscopy at Northern GI Endoscopy Center and will need to purchase **two** Fleet Enemas (plain, not oil). Fleet enema (green and white box) is a brand of enema which is available over the counter at your local pharmacy.

The day of the examination

- 1. Do not eat any solid foods after midnight the evening before your examination.
- 2. Clear liquids and oral medications may be ingested until 2 hours prior to your scheduled procedure time
- 3. **90 minutes prior to your procedure appointment**, administer the Fleet enemas, <u>rectally</u>, as directed on the package. The enemas are given one after the other, not simultaneously, and should be retained for as long as possible.
- 4. Please do not use any other laxative preparation for the examination.

Only These Liquids Are Allowed:

Soups:

Bouillon, broth (including chicken, turkey, & beef), consommé.

Tea, coffee, decaffeinated coffee, Kool-Aid, carbonated beverages, including sodas (dark colored colas & root beer are allowed), flavored seltzers, Gatorade, Crystal Light.

Juices:

Apple, white grape, grapefruit, lemonade, limeade, and orange juice (juices should have no pulp

Note: Please do not add milk or cream to any beverages, including coffee or tea.

There are multiple charges you will incur when having a procedure performed. The physician performing your procedure will have a charge, the facility where you have your procedure performed will have a facility charge and if you have a biopsy taken or polyp removed there will also be a fee for pathology services. Most patients will undergo conscious sedation which is given by our physicians and included in the physician charge, but if you are scheduled for anesthesiologist assisted sedation, there will also be a charge for the anesthesiologist.

The Physicians of Gastroenterology Associates of Northern New York, P.C. participate with the following insurance plans:

Aetna
Blue Shield of Northeastern New York
CDPHP
Emblem Health (GHI)
Empire Blue Cross
Fidelis
Magnacare (Health Republic)
Martins Point
Medicare
MVP
New York State Empire Plan
New York State Medicaid
Shared Health Network

If your insurance plan is not listed above, please call our billing office at 793-5034 to discuss your insurance coverage and financial responsibility.

You will need to contact the facility where you are scheduled for your procedure to discuss whether they participate with your insurance company. They will also be able to answer questions about the pathology services. If you are scheduled for your procedure at Northern GI Endoscopy our billing office can help answer any insurance questions you may have regarding the facility fees or pathology fees.

Our physicians have privileges and perform procedures at Glens Falls Hospital, Saratoga Surgery Center and Northern GI Endoscopy.

CTATEMENT OF COMPLIANCE
STATEMENT OF COMPLIANCE
If you are requiring a sedative for this examination, YOU MUST HAVE a responsible adult (18yrs or older) to take you home and stay with you for the 24 hour period after the exam. Unaccompanied rides via taxis and buses are not permitted. You should plan on limiting your activity and resting at home following your procedure. Following sedation you MUST NOT drive a motor vehicle or operate machinery for 24 hours. If you have a problem with these arrangements, please inform this office to allow for rescheduling of your procedure. Sedation for your procedure cannot be administered, and the PROCEDURE MAY BE CANCELLED unless these arrangements are complete.
Name of Responsible Adult (at least 18yrs old) driving you home/ Relationship to you:
*Please note: We expect the adult driving you home will be present for the post procedure consultation with your doctor.
Willing your doctor.
Responsible Adult (at least 18yrs old) staying with you for the next 24 hours:
the rest 24 nours:
Authorization for Follow Up Communication
I am aware that I will be contacted within 3 days after my procedure to follow up on my recovery. I would like to be called at this phone #
If I am unavailable, I give permission to leave a message oYes oNo
As part of NGIEC's ongoing effort to assure excellent quality care, I understand I will receive a survey approximately 30 days after the procedure to address my overall satisfaction with the experience.
I attest that if I have to seek medical care at a hospital for any reason in the 30 day period following the exam, or if I develop complications relating to my procedure. I will notify my doctor at 518-793-5034.
